POSITION SUMMARY

Under general direction, the Project Coordinator II will perform project management related functions. Duties and responsibilities include, but are not limited to: managing existing and new projects; overseeing the formulation and implementation of Project Plans. This position reports to the Project Supervisor.

ESSENTIAL REQUIREMENTS

- Bachelor's Degree in Information Technology or Business Management preferred
- Associate's Degree required
- Three (3) to Five (5) years of project management experience and familiarity with current Project Management principles and practices; or any equivalent combination of acceptable training and experience
- Must have current and valid driver's license
- Must have computer skills and be proficient in Microsoft Word, Excel and Project.
- Must demonstrate good organizational and communication skills in areas of project management.
- Establish and maintain cooperative relationships with co-workers, representatives of other County departments.
- Ability to work under high pressure circumstances.
- Ability to work well independently, manage projects and work well with other business units to accomplish project goals and deliverables.

ESSENTIAL DUTIES AND RESPONSIBILITIES

- Lead the development and implementation of a broad, coordinated set of plans and programs to meet the goals of the organization.
- Responsible for the complete project management lifecycle; including Project Management, requirements gathering, implementation, testing, user follow up and support.
- Represents I.S. on countywide technology integration projects, when requested by IT management.
- Participate in all planning meetings between IS and business units on assigned technology projects.
- Monitors progress and communicates project status to management at all levels. Facilitates completion of tasks and determines methodology to alleviate or eliminate barriers in the project management.
- Continuously improve project management toolkits and methodologies used within IS. Provide expertise and consulting to other IT staff in the process of project management and in softer skills of team dynamics, team building and group motivation.
- Create supporting documentation for project management and software including but not limited to project plans, flowcharts and applicable procedures.
- Responsible for portion of maintenance of York County Government business continuity plan.
- Conducts business unit needs assessment for further use of technology or applications.
- Acts as a technical resource for application support.
- Troubleshooting and debugging applications.
- Works on special I.T. projects as needed.
- Other duties as assigned.
